How does one participate?

Visit one of the Candy Sale Host sites to register and check out candy. A parent or guardian must fill out and sign a permission form prior to checking out candy. Permission forms are available at each site. Three cases of candy can be checked out on credit at one time. One case of candy has 30 items and each item is worth \$2.00 making a case worth \$60. Money must be turned in for a complete case (\$60) before more candy may be checked out. Please know, as the parent or guardian, you are ultimately responsible for all candy and money collected. This includes loss, theft, or damage. Additionally, candy will melt if left in vehicles or direct sunlight.

When can participants pick up candy and turn in money?

Candy and money can **ONLY** be exchanged at the Candy Sale Host sites during the designated times below. You must use the **SAME LOCATION** for the entire sale. This includes candy and money transactions. Failing to use the same location may cause discrepancies with the seller's account. Participants are encouraged to turn in candy and money before the end of the sale. Additionally, please exchange coins and small bills in for a check or large bills. Please make checks payable to YMCA CAMP WAPSIE.

The Last Day of the Candy Sale

All candy must be turned in before or on February 24, 2018. Candy **CANNOT** be accepted at any site after February 24. **Any candy not returned by this date is the responsibility of the parent or guardian and must be paid for.** Please know the last day of the sale is very busy. We thank you in advance for your patience, as you may have to wait. After February 24, money can be sent to camp in the form of a check.

What happens after the sale?

The Retreats Program Director will compute, prepare, and send out an official letter to all participants informing them of their credit earned or balance due approximately 2-3 weeks after the sale. You will receive .90 cents of credit for each \$2 candy item sold.
